

Dear Bruin Supporters,

Let's tee it up for UCLA softball! We are working hard towards making this year's golf tournament the best ever. Join us for a fun-filled day where current players and coaches, plus greats of the past, come together to renew our bond and attempt to play some scramble golf. Most importantly, this day is to celebrate that which unites us: UCLA Softball. We promise you the finest golf and banquet facilities that are normally not available to the public.

Your 2008 Bruins were exceptional in getting back to the Women's College World Series and winning 51 games last year. This year's squad is equally as talented and it would be my pleasure to have you meet these outstanding representatives of Bruin Softball at this year's tournament.

As collegiate softball becomes more and more competitive, both in the Pac-10 as well as around the country, your support is needed more than ever to help UCLA stay at the top of the pack.

Among our current projects to ensure this happens is the development of a state-of-the-art video system to help identify and communicate the mechanics in hitting and pitching, as well as a "Walk of Fame" to display the history and tradition of alumni who are responsible for building our wonderful tradition.

All of our coaches and players look forward to seeing you at Marbella Country Club and thank you for your support.

Go Bruins!

Kelly Inouye-Perez
